

**CLEAN** your touchscreen with the cleaning cloth before assembling case.

## TO USE

- 1 Lay on a flat surface. Position polycarbonate screen protector over clean, dirt/dust free display.

- 2 Slide on upper half of case, making sure the polycarbonate screen protector aligns with the grooves in the case.

- 3 Slide on lower half of case so that the bottom half and top half lock together as shown.

## TO REMOVE

Follow these steps in reverse order.
